

## **SP 47.2, Imports and Exports (Replaces SI 47.2)**

Administrative changes made in the accompanying 5-12-06 revision to LBNL's current Feb 1997 SI:

1. Converts SI 47.2 into SP 47.2 by modifying the formatting and changing all "SI" references to "SP".
2. Changes the title of the Facilities Department's "Support Services" to "Site Services".
3. Removes the Procurement Support Group Leader from the import/export process because this functional title has long been eliminated at LBNL.
4. Notes that Form ITA-338P is located in the Procurement Forms Cabinet.
5. Clarifies that signature on the ITA-338P form is the Laboratory individual under whose direction and control the foreign instrument will be used instead of the Procurement Manager.
6. Makes several incidental editorial and formatting corrections to bring the SP into compliance with the standards for LBNL SPs.
